

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

If no assessments for benefits, each municipality may issue bonds.

27. 30. It shall be lawful for the said governing body or board having control of the finances of such contracting municipality, in lieu of issuing the bonds of such municipality, to pay its proportion of the costs and expenses of any improvements jointly contracted for and made under this act, with money to be raised by taxation, after the making of the public improvements herein authorized have been determined upon and a joint contract made and entered into pursuant to the provisions of this act, or by paying the whole or a part of such indebtedness out of any moneys belonging to such contracting municipality not otherwise appropriated or required.

21. If any creditor shall not exhibit his claim within three months from the date of such general assignment, or within such other time as may have been fixed by the court for that purpose, such claim shall be barred of a dividend except as hereinafter provided; whenever any creditor shall have omitted to file his claim or claims within the time limited by law, and a final dividend shall not yet have been made, it shall be lawful for such creditor, at any time prior to such final dividend being made, to present his claim or claims

under oath or affirmation to the assignee, and the same shall thereupon be entitled to share in any dividend which may be made after such presentation thereof; upon the presentation of any such claim the said assignee, before allowing the same, shall give notice thereof by mail, with postage prepaid, to the other creditors who have proved their claims, as directed by the fourth section of this act in relation to claims proved in time, and the same shall be subject to all exceptions by said assignee or the other creditors that a claim filed in time would be subject to and may be proceeded with and adjudicated upon in the manner provided in the sixth and seventh sections of this act.

Creditors not exhibiting claims.

22. Nothing in this act shall be taken or understood as discharging said assignor from liability to his creditors, who may not choose to exhibit their claims, either in regard to the persons of such assignor or to any estate, real or personal, not assigned as aforesaid, but with respect to the creditors who shall come in under said general assignment and exhibit their demands as aforesaid for a dividend they shall be wholly barred from having afterwards any action or suit at law or equity against such assignor or his representatives; unless on the trial of such action, or hearing in equity, the said creditor shall prove fraud in the said assignor with respect to the said general assignment or concealing his estate, real or personal, whether in possession, held in trust or otherwise.

ration, to remove the assignee of such corporation and to direct and compel the said assignee to transfer and convey the trust estate in his hands to such receiver to be administered under the direction of said court of chancery, and the said assignee shall thereupon present his accounts to said court of chancery for settlement and allowance as the said court of chancery may direct ; and the said assignee may be made a party defendant in any bill or petition filed in said court of chancery to have such corporation adjudged insolvent and a receiver thereof appointed, and may be restrained, enjoined and removed in such proceeding and subjected to all orders and decrees therein ; the said court of chancery may, if it see fit, appoint the said assignee of such corporation the receiver thereof, and in all cases where the said court of chancery shall as aforesaid take control of the trust estate assigned as aforesaid, the jurisdiction of the said orphans' court in the premises shall terminate and the said estate shall be administered as assets of an insolvent corporation in the same manner as if no such general assignment had been made.

25. When such general assignment shall be made by partners in business, the same may include only the partnership property or may also include the several estates of the partners, or any of the partners may, upon such general assignment of the partnership property being made, make also a separate general assignment of his individual estate ; in all cases where a general assignment shall include both a partnership and an individual estate the same shall be kept separate in all proceedings under this act, and all notices and accounts in relation thereto shall plainly distinguish between the different estates, and all proceedings, orders and decrees shall recognize the rights and equities of the different classes of creditors, to the end that the property assigned may be equitably applied to the payment of the claims of said creditors ; in order to bring a general assignment of partners in business within the regulative operation of this act, it shall be sufficient if any one of them resides in this state, in which case the proceedings shall be had in the county where such partner resides, and in case such partners or any of them reside in different counties of this state, then the proceedings may be had in either or any one of such counties, but in such case it shall be the duty of the assignee to cause such proceedings to be had in the county

All acts and parts of acts inconsistent with the provisions of this act are hereby repealed, but this repealer shall not revive any act heretofore repealed; the repeal of any statutory provision by this act shall not affect or impair any act done or right vested or accrued, or any proceeding commenced before such repeal shall take effect; but every such act done or right vested or accrued or proceeding commenced, shall remain in full force and effect to all intents and purposes as if such provision so repealed had remained in force, excepting that all suits or proceedings now pending under such statutory provisions hereby repealed shall be conducted as near as may be in accordance with the practice and procedure as changed or prescribed by this act.

Manner of laying
out, opening,
etc., streets.

1901-145

59. Streets or sections of streets shall be laid out, opened, straightened, extended, widened or otherwise changed as to their boundaries, in the following manner and not otherwise: a petition, in writing, signed by the owners of one-sixth of the property fronting on the improvement desired, shall be presented to the council, setting forth accurately the improvement desired; if the council shall favor the petition the same shall be referred to the commissioners of assessment and a surveyor not interested in such improvement, who shall thereupon make a map of such improvement, showing the real estate to be taken therefor, and all the property which, in the judgment of said commissioners, will be specially benefited thereby, designating each lot and parcel on said map by a letter or number; said commissioners shall also ascertain, so far as practicable, the name of the owners of said real estate to be taken and property to be benefited, and the interest of each of the owners of real estate to be taken, and when such names or estates are not known they shall so report; they shall also appraise the value of the interest of each known owner of real estate to

be taken, and the damage to be done to such owner by taking the same; and where the estates in any plot of land are unknown, they shall appraise the value of or the damage done to the fee-simple; said commissioners shall also estimate all other expenses likely, in their judgment, to attend the completion of the improvement; said commissioners shall also estimate the amount likely to be realized from the sale of any buildings, or parts of buildings, required to be taken on account of said improvement, and shall so determine the probable net cost of making the improvement; this probable net cost they shall then assess upon the lands to be specially benefited, in proportion to the benefit to be received; thereupon they shall, under their hands, make a report of the facts ascertained and of the appraisements, estimates, determinations and assessments made by them concerning said improvement, and shall file such report and their map with the clerk of the city; thereupon the said clerk shall cause a notice of the filing of said map and report to be printed in two newspapers, one of which shall be printed and published in the city, or, if there be none, in a newspaper published in the county and circulating in the city, for the period of two weeks, which notice shall contain a general description of the improvement intended, of the land to be taken, and of the land to be assessed therefor, and shall state the time and place when and where the council will meet to hear and consider any objections to said report or to the improvement, which may be presented in writing; said clerk shall also, within said period, cause notices to the same effect to be posted at points not over three hundred feet apart along the whole line of said improvement; the time appointed for hearing such objections being not less than ten days after the expiration of said period of two weeks, and shall also, within the said period, serve a copy of such notice upon resident owners of real estate affected thereby; but the omission of the clerk to serve such notice shall not invalidate any of said proceedings; and all objections at such time and place, presented in writing, the council shall consider and adjudicate upon, and the awards or assessments made in said report may be corrected accordingly; a copy of which corrections, signed by the chairman of the council, shall be filed with the said clerk within twenty days after the expiration of said period of two weeks; if the said council shall then determine to make said improvement,

notwithstanding any objections to the same, the said council shall confirm said awards, with the corrections, if any, and pass an ordinance ordering said improvement to be made and completed in such manner as said council may direct, under the supervision of the street commissioner; the said council shall also pass a resolution directing the several sums awarded to be paid to the persons to whom the awards are made for real estate taken and damages sustained in making said improvement, and upon the passage of such resolution the fee-simple of said real estate to be taken shall be vested in the city; *provided*, that where the commissioners shall have reported the name or estates of the owners of any plot as unknown, the said resolution shall direct the sum of the award on account of such plot to be paid to the owners thereof, when and as their interest may appear, and any such owner or person interested in said land may, by bill in chancery, according to the practice of that court, have the said sum distributed or in whole or in part paid over to him, as law and justice may require; after the completion of said improvement the said commissioners shall ascertain and determine the actual net cost thereof, and shall assess, as hereinafter provided, such actual net cost upon the lands specially benefited in proportion to the benefit received.

60. Whenever, by the report and map of the said commissioners, corrected as aforesaid, it shall appear that an award has been made to any person for property taken or damages sustained, and that such person is also assessed for benefits received on account of the same improvement, then if the assessment equal or exceed the award, no payment shall be made on account of such award; and if the award exceed the assessment, only so much of the award as is in excess shall be paid, and the resolution of the council ordering the awards to be paid shall be framed accordingly; and when the amount to be assessed shall be finally determined, such amount shall be set off against the amount of the award unpaid; and if the amount of the award unpaid be in excess, the assessment shall be canceled, and such excess only shall be paid to the person to whom the award is made; and if the amount of the assessment be in excess, the award unpaid shall be canceled, and such excess only shall be a lien upon the property assessed; the rest of the

award or assessment, as the case may be, being also canceled.

61. Whenever any person who shall have presented objections as aforesaid to an award, shall be dissatisfied with the determination of the council, thereupon such person may commence an action on contract against the said city in the circuit court of the county or in the supreme court of this state (provided that the trial shall be had in the county in which such city is located), which action shall proceed in all things as if such city had, upon taking the real estate required for the said improvement, agreed in writing to pay therefor the value thereof and the damage done by taking the same; and if in said action the plaintiff shall recover more than the amount awarded as aforesaid, he shall recover his taxable costs according to law; and if he shall not recover more than the amount awarded, then the defendant shall recover his taxable costs against the plaintiff and shall be entitled to have them deducted from the amount recovered by the plaintiff, and execution shall issue only for the balance, the assessment (if any) against the plaintiff being also deducted from the amount of the judgment; *provided*, no such action shall be brought by any person who may have received payment of the amount awarded, nor unless notice that such action will be brought be filed with the clerk of said council within sixty days after the confirmation of the award, nor unless such action be commenced within six months after such confirmation; *provided*, that the judge of the said circuit court may, upon petition, for good cause shown, and upon such terms as he may direct, dispense with either or all of the provisions in the last proviso contained.

necessary for such improvement, in two newspapers, one of which shall be printed and published in the city and in such other newspapers as shall be designated by the council, which proposals shall be presented in such form and manner and under such regulations as the council shall prescribe; upon the coming in of such proposals the council may enter into contract with the lowest responsible bidders on the terms of their proposals; *provided, however*, that the council may reject all bids if they deem it for the interests of the city so to do, in which case they shall again advertise for proposals and shall proceed in all things as if no proposals had been offered; and the council shall require the person or persons so entering into contract with the city to give bonds with ample freehold security for the due performance thereof.

PROCLAMATION BY THE GOVERNOR.

The advent of another November brings to mind the hallowed and beneficent custom of giving thanks to Almighty God for all His blessings bestowed upon us during the year.

While upon each individual soul there rests a debt of gratitude for countless blessings of a personal nature, and while there dwells within the people as a whole a realization of deep obligation for the success and prosperity manifested in every direction throughout our land, we are all made keenly aware of His very especial blessing by that Divine Providence that has brought to a speedy and successful termination a conflict for the betterment of humanity and of His cause, by which we have been spared the misfortune of protracted warfare.

Therefore I, David O. Watkins, Speaker of the House of Assembly, Acting Governor, do designate and set apart Thursday, the 24th day of November, inst., as a day of Thanksgiving, on which day I do recommend that the people assemble in their places of worship for a service of praise and thanks to Almighty God for the blessings bestowed upon us individually and collectively, for the courage and hope that inspire our people, and for all the benefit of liberty and civilization which we enjoy.

Given under my hand and privy seal, in the city of Trenton, this first day of November, in the year of our Lord one thousand eight hundred and ninety-eight.

[L. S.]

DAVID O. WATKINS.

By the Speaker of the House of Assembly,
Acting Governor.

HOBART TUTTLE

Private Secretary.

PROCLAMATION.

WHEREAS, the Legislature in the State of New Jersey by joint resolution, approved February 25th, 1884, did authorize the Governor to designate a day in the month of April in each year for the planting of forest trees;

Now, therefore, I, FOSTER M. VOORHEES, Governor of the State of New Jersey, do hereby set apart Friday, the 28th day of April, 1899, as Arbor Day, and do recommend that that day be devoted by the people to the planting of forest trees and to appropriate exercises in the schools of the State.

[L. S.] In testimony whereof I have hereunto set my hand and caused the seal of the State to be affixed, at Trenton, this 8th day March, 1899.

FOSTER M. VOORHEES,
Governor.

GEORGE WURTS,
Secretary of State.
